

Are you

- ✓ A student entering your third or fourth year in biology, environmental science, resource management or similar discipline?
- ✓ Looking for a great opportunity to gain practical experience related to your education and future employment?
- ✓ Highly motivated and interested in research on seabirds and coastal ecology?
- ✓ Physically fit and able to work long days outdoors, in remote, rough terrain?
- ✓ Interested in living in a remote field camp with other researchers & volunteers?

If so, consider becoming an intern with Laskeek Bay Conservation Society and improving your employability!

Interns will gain practical hands-on experience in:

- Field biology data collection and data management.
- Identification of a wide variety of seabirds, shorebirds, cavity nesting birds, songbirds, marine mammals and coastal plants.
- Low impact, environmentally sensitive research methods on a variety of marine and terrestrial ecology projects.
- Delivery of environmental education programs to local school groups.
- Living and working in a remote coastal field biology camp, sharing the duties of day-to-day tasks.
- Field camp logistics and trouble-shooting of an environmental non-profit organization.

Laskeek Bay CONSERVATION SOCIETY

Laskeek Bay Conservation Society (LBCS) is hosting 2 six-week internships during the 2010 field season. Interns will be based at our field research camp on East Limestone Island, located just north of the Gwaii Haanas boundary in Haida Gwaii. Interns will be responsible for their own transportation to/from the Village of Queen Charlotte & food for 1 week (billeting provided). LBCS will arrange all food, transportation and lodging for the duration of the field component of the internship (5 weeks).

Cost \$2100 -6 weeks on stunning Haida Gwaii
May 1-June 11, 2010 or June 4-July 23, 2010

How to Apply

Please thoroughly review our website www.laskeekbay.org prior to considering making an application.

Send us an up-to-date résumé highlighting your education, academic and life experience related to this position. Include a cover letter outlining what you hope to gain from this internship and why you feel you are a good candidate for the position.

Laskeek@laskeekbay.org

Deadline for applications: March 15, 2010
